

Being an EEMUA Member...

You benefit from:

Accessing your free digital and discounted hard copies of each EEMUA industrial engineering good practice guidance publication – to equip your team with up-to-date guidance and good practice tools that help improve team efficiency, effectiveness, safety and regulatory compliance when working with industrial engineering assets at each stage of their life-cycles.

Discounted EEMUA training, including: Live Online training, blended learning, bespoke in-house training, and classroom-based training, CPD-approved courses – to enhance your team's effectiveness and contribute to career development with deeper learning for upskilling all the way to 'practitioner-level'.

Free participation in EEMUA's Live Online Seminars – access and contribute to focused discussions on topics of immediate and pressing interest to the industry.

Free EEMUA e-learning, all CPD-approved – to enhance your team's effectiveness and cohesion through learning set at the 'awareness-level' that can introduce engineering specialisms to team mates and so build understanding and appreciation of their colleagues' work: when bringing new staff on-board, creating or combining teams during restructuring, or refreshing established teams.

Subscribing to EEMUA's Weekly Alert – to keep up-to-date with news and developments most relevant to the industry in a succinct message direct to your inbox – complementing EEMUA emails and social media communications that keep you apprised of industry news and opportunities.

Networking with peers – to support your work, career, professional development and satisfaction by gathering and sharing tips and challenges with industry colleagues at all levels of experience in EEMUA forums, conferences, seminars, working groups and more.

EEMUA FOR:

AUTOMATION, CONTROL,
ELECTRICAL
MECHANICAL INTEGRITY
ENGINEERING, PROCUREMENT,
CONSTRUCTION
PROCESS SAFETY
EQUIPMENT, OPERATION AND
MAINTENANCE
STORAGE AND DISTRIBUTION
INSPECTION AND INTEGRITY
MANAGEMENT
SAFETY, HEALTH AND
ENVIRONMENT

- ▶ **Taking part in EEMUA Technical Committees alongside other EEMUA Members** – to exchange know how and experiences with peers for purposeful, common understanding of evolving industry needs; and help drive the industry and your business strategy forward to flourish in directions that committees propose.
- ▶ **Free access to EEMUA Webinars Live Online** – to join the discussion on a specialist topic and learn (from this objective standpoint) what your peers, supply chain partners, and others in the industry, are thinking and doing about specific matters; and access to recordings of all webinars whenever suits you.
- ▶ **Participating in EEMUA Working Groups** – to be among the first to learn about and progress working group initiatives, and contribute your expertise to development of EEMUA's 'by industry, for industry' guidance and good practice that addresses your company's and sites' circumstances.
- ▶ **24/7 Access to EEMUA's Web Portal and Knowledge Centre** – to support your engineering activities anytime and anywhere on-demand, online with any of EEMUA's guidance publications, task checklists, planning checklists, replays of past webinars and seminars, or to network with your industry peers in forums, or to make use of any of EEMUA's many other resources for the engineering community.
- ▶ **Adding your voice to the mass of EEMUA Members for combined industry influence** – to drive the industry optimally, communicate purposefully with regulators, speak for the industry and position industry for continuing success.

This is just a small selection of the benefits that EEMUA Members make use of every day. EEMUA provides many more resources for people working on regular and unusual tasks, in specialist industrial engineering occupations throughout the world.

EEMUA FOR:

OFFSHORE
WATER AND WASTE WATER
POWER GENERATION
MANUFACTURING
DOWNSTREAM OIL AND GAS
STORAGE
CHEMICALS
PHARMACEUTICALS
RENEWABLES

We look forward to hearing from you

Being an EEMUA Member...

EEMUA acts as the 'voice of the user' – representing owner/operators when working with regulators and legislators to establish practical, pragmatic, safe and effective industry good practice guidance for high value, high hazard industrial sites.

Members' engineering experts working in EEMUA's technical committees, working groups and forums have developed and updated guidance that has been adopted worldwide, and recognised as industry leading for more than 70 years. They're working, right now, on principles used across control systems, storage tanks, offshore materials, renewable energy and many other critical areas in critical industries.

Our Publications, events and training courses help establish and validate technical competence within some of the most skilled work forces in the world, where up-to-date, applicable knowledge and skills protect millions of dollars, numerous lives, and future prospects for industry.

EEMUA's expert staff are devoted to helping our members get on with making industrial engineering efficient, safe, effective and compliant with regulations – for the benefit of businesses, people and the environment. If you share these interests and purpose with EEMUA's Members, please get in touch so that we can make EEMUA's resources and mutual benefits work best for your team.

Stefan Kukula
Chief Executive

“A CERTAIN KIND OF RIGOUR TO EEMUA...”
“BEING ABLE TO ACCESS CURRENT GOOD PRACTICE AND HAVING OPPORTUNITIES TO NETWORK WITH OTHER USERS AND PEERS ARE OF GREAT VALUE. WE FIND EEMUA DEPENDABLE AND APPROACHABLE AND THERE IS ALSO A CERTAIN KIND OF RIGOUR TO EEMUA.”
EDF ENERGY

“INFLUENCE NEW INITIATIVES...”
“BEING A PART OF EEMUA ALLOWS US TO BE IN AT THE BEGINNING AND INFLUENCE NEW INITIATIVES FAR MORE THAN WE COULD ACHIEVE AS INDIVIDUAL COMPANIES.”
SHELL

“WEEKLY ALERTS”
“THE WEEKLY MEMBER ALERTS ARE VERY VALUABLE WITH REGARD TO LESSONS LEARNED AND UPDATES IN LEGISLATION/ GUIDELINES.”
KOOLE TANKSTORAGE

“PROVING INVALUABLE”
“EEMUA'S OFFERING IS PROVING INVALUABLE TO CALOR AND WE'D RECOMMEND ENGAGEMENT AND MEMBERSHIP TO ANY SIMILAR ORGANISATION, PARTICULARLY TO THOSE OPERATING IN SIMILAR 'HIGH HAZARD' ENVIRONMENTS. YOU CAN NEVER KNOW ENOUGH AND IF YOU DON'T KNOW THE ANSWER, SOMEONE IN EEMUA ALMOST CERTAINLY WILL!”
CALOR GAS

“BASED OFF EEMUA DISCUSSIONS AND STANDARDS...”
“MUCH OF OUR CIVILS, STRUCTURAL AND BUILDINGS ASSET MANAGEMENT PROGRAMME IS BASED OFF EEMUA DISCUSSIONS AND STANDARDS.”
DOW SILICONES

“ENGINEERING ACTIVITIES ON AN INDUSTRY WIDE BASIS...”
“EEMUA GIVES THE OPPORTUNITY TO GET INVOLVED IN ENGINEERING ACTIVITIES ON AN INDUSTRY WIDE BASIS.”
EXXONMOBIL
