

# Safe and Effective Industrial Asset Management

A half-day participative seminar and networking event for managers and engineers in the chemical, pharmaceutical, power, energy, storage and general processing industries, water and utilities sectors.

Wednesday  
5 October 2011

Venue:  
Newcastle

## Who should attend and the programme

This Forum is aimed primarily at the engineering managers within industrial process operating firms, power generators, storage and utility companies of all sizes - from small and medium chemical manufacturing enterprises working with minimal in-house engineering resources, through multi-site storage, processing and distribution companies, up to large refineries and other top-tier COMAH sites with international operations.

This Forum should also be of relevance to the operations directors, process safety managers, professional engineering specialists, project managers and others involved in industrial asset management and integrity management within such organisations.

### The programme\*

Timings	Topic
08.30 – 09.00	Registration & Refreshments/Networking/Exhibition
09.05 – 09.20	Welcome & housekeeping – <i>Clive Tayler, EEMUA Executive Director</i>
09.20 – 09.45	Introduction and overview of EEMUA Technical programme – <i>Andrew Pearson, EEMUA Technical Manager</i>
09.45 – 10.15	Current issues with storage tanks and tank farm management – <i>Guest speaker – to be confirmed</i>
10.15 – 10.40	Competency for safe working in hazardous areas – <i>Martin Jones, EEMUA CompEx Scheme Manager</i>
10.40 – 11.05	Refreshments/Networking/Exhibition
11.05 – 11.30	Process safety management – The Regulator's View – <i>Stuart Pointer, HSE</i>
11.30 – 11.55	Managing SIS legacy systems – <i>Keith Owen, Northern Gas Networks</i>
11.55 – 12.20	Ensuring Quality – Rogue Material – <i>Alan Cockerill, EEMUA Consultant</i>
12.20 – 12.45	Pressure Release Safety – <i>Gaynor Woodford, SABIC UK Petrochemicals Ltd</i>
12.45 – 13.00	Q & A Session
13.00 – 14.30	Lunch/Networking/Exhibition
14.30	Close

\*Timings and programme as planned (may be subject to change without prior notice).

# The purpose of this Forum & key benefits

The purpose of this event is to bring EEMUA locally to your region, allowing you to meet and talk with some of its leading members, listen to their views and those of the regulator, and become part of the very special engineering network that is EEMUA.

Safe, effective industrial asset management makes a vital contribution to your organisation's reputation and profitability. EEMUA provides not only guidance on good and best asset management practices, but also gives professional engineers and managers like you access to a multinational, self-help network of your peers working in operating companies large and small across a variety of industry sectors – a rich resource of talent and knowledge that's considered particularly valuable for the smaller plant operating company.

## Forum key benefits

- **GAIN** an overview of the latest developments, and what may be around the corner
- **HEAR** what other plant operators think and the practices they are adopting
- **BUILD** or extend your network of engineers and managers from other companies who are facing similar challenges to yourself in optimising safety, quality, cost and performance
- **MEET** leading participants in EEMUA, the membership organisation that develops and promotes leadership in industrial asset management

EEMUA is an official partner of the EU-OSHA Healthy Workplaces Campaign 2010-11

\*EEMUA reserves the right to change the speakers, should they be unavailable, without prior notice.

# The speakers

EEMUA has arranged for a team of speakers\* to be available to cover its various Regional Forums, drawn from both EEMUA member companies and regulatory authorities.

## The North East Forum speakers include:

**Alan Cockerill** is an EEMUA consultant whose career spans over 40 years in the Chemical Industry. He worked for various ICI businesses, in maintenance engineering and project management and as a Business Unit Manager in Eutech. Alan continued his Project Management career with Huntsman and latterly SABIC.

**Martin Jones** manages the **CompEx**® scheme for **JTL** on behalf of EEMUA. Martin's main focus is promoting CompEx as the preferred Competency Validation of Personnel Scheme for electrical and mechanical equipment users in hazardous areas.

**Keith Owen** is the System Control Day Support Manager for Northern Gas Networks, responsible for the development and maintenance of the DNCS SCADA system and other supporting applications. His career began at British Gas working as a Project Engineer and managing gas supply networks.

**Andrew Pearson**, EEMUA Technical Manager, oversees the Association's technical programme including Technical Committees, Work Groups and Special Collaborative Projects. He is a chartered mechanical engineer who has worked at **Rolls Royce** and **BHR Group** prior to joining EEMUA.

**Stuart Pointer** is principle specialist inspector in HSE's Hazardous Installations Directorate. Stuart leads in Mechanical Engineering technical policy development and manages a team of inspectors carrying out inspection and investigation work at onshore installations.

**Clive Tayler**, EEMUA Executive Director, is the chief executive of the Association. Clive has spent many years in the chemical process and pharmaceutical industries, in various global regulatory, compliance and engineering roles with multinational companies. He has also founded and successfully developed several small businesses.

**Gaynor Woodford** became Process Engineering Team Leader for SABIC Teesside in 2005 and is responsible for the delivery of process engineering and providing ongoing manufacturing support. Prior to this she worked at various ICI businesses as a senior process engineer in process design.

**Guest speaker** – to be confirmed

## Qualifying\* EEMUA members can attend FREE of charge\*\*

This EEMUA Forum is aimed at **operating company personnel only**.

- **Simply e-mail [events@eemua.org](mailto:events@eemua.org) giving your name, company name and work contact address and phone number, confirming your wish to attend the North East Region Forum.**
- **We will confirm your FREE place once we have verified your application and completed your registration.**

**NOTE:** If you do not receive a confirmation, this may be because we could not verify your application or we did not receive your e-mail - you are strongly advised to contact us before travelling to the event, to avoid possible disappointment if the event is fully booked or you do not qualify.

### If you are not sure whether you qualify:

**Call EEMUA on +44 (0)20 7621 0011 for advice.**

\*Qualifying means an employee of an EEMUA member company that is a plant owner or operator.

\*\*Subject to prior registration and acceptance: terms and conditions apply; venue numbers limited.

## If you are from a qualifying<sup>†</sup> company that is not at present an EEMUA member company, the registration fee for each delegate is **£105.00 GBP**

**This event is aimed at operating company personnel only.**

<sup>†</sup>Qualifying company means a process plant owner/operator company.

**Please complete and post a Registration form for each non-member delegate applying to attend.**

Registration forms can be downloaded online at [www.eemua.org](http://www.eemua.org)

**Post:** EEMUA, 10-12 Lovat Lane, London EC3R 8DN

**Fax:** +44 (0)20 7621 0022

**E-mail:** [events@eemua.org](mailto:events@eemua.org)

Any questions, please see the Q & A's opposite or phone **+44 (0)20 7621 0011**

**Full payment should be made at least two weeks prior to the commencement of the Forum.**

### FREE for Qualifying EEMUA Members

If you would like to find out more about the benefits of becoming an EEMUA member company, go online to [www.eemua.org](http://www.eemua.org) or call **+44 (0)20 7621 0011**

## Who runs these Forums on industrial asset management?

These Forums are run by EEMUA (Engineering Equipment and Materials Users Association), an international non-profit membership organisation.

EEMUA aims to improve the safety, environmental and operating performance of industrial facilities in the most cost-effective way, developing and promoting leadership in industrial asset management. EEMUA members pursue these aims by sharing engineering experiences and expertise, and by the promotion of their distinct interests as the users of engineering products.

## How do I check whether my company is a member of EEMUA, or would be eligible for membership?

If you are not sure whether your organisation is a member, or to enquire about eligibility for EEMUA corporate membership, call **+44 (0)20 7621 0011** and ask to speak with the Membership department.

As a guide, if your organisation owns or operates industrial plant, storage and distribution terminals, pipelines, or similar physical assets that require engineering asset management, it is likely that you will be eligible for membership. EEMUA is run by, and for the benefit of, such organisations.

EEMUA, 10-12 Lovat Lane, London EC3R 8DN

## Can you help me with accommodation?

Yes. We expect most people will want to travel on the day; however, there are a limited number of rooms reserved at the venue for the night before the event at a special discounted rate, and we will be pleased to help arrange accommodation if you wish.

Call EEMUA on **+44 (0)20 7621 0011** and ask to speak with the Events department.

## Can I get a tax (VAT) receipt?

We can provide you with a receipt for your payment. The Government (HRMC) has exempted from EEMUA from VAT, there is no tax (VAT) payable on this event.

## Will other Forums be held?

EEMUA organises Forums regionally across Europe.

Further events will be organised in the future if your feedback suggests there will be demand.

Check our website [www.eemua.org](http://www.eemua.org) or call **+44 (0)20 7621 0011** for the latest news about dates and venues.

Delegates should benefit from the opportunity to meet and talk with their counterparts from leading operating companies.
